## Feature Articles

Length: 250-750 words (some articles longer)

Due on or before the **5th** of the month prior to publication.

Articles featured in *Natural Awakenings* cover a wide range of subjects in the areas of health, healing, inner growth, fitness and Earth-friendly living. Articles should be written in layman's terms and impart information in a way that does not sound self-serving. Rather than tackling a vast subject, it is better to focus on a particular segment. We reserve the right to edit all submissions if necessary. A copy of revisions can be sent upon request. Please include a brief biography at the end of your article. The author of a feature-length article accepted for publication will receive a free Community Resource Guide listing that month.

## News Briefs

Length: 50 to 250 words

Due on or before the **10th** of the month prior to publication.

What's new? Share it with us! Did you open a new office, recently become certified in a new therapy, or do you have a special event coming up? We welcome any news items relevant to the subject matter of our publication. We also welcome any hot tips or suggestions you may have for a news item. Please write your News Briefs in the third person.

## Health Briefs

Length: 50 to 250 words

Due on or before the **10th** of the month prior to publication.

The Health Briefs are short, interesting clips of information often referring to a new health fact or leading-edge research in a particular field. This is an opportunity to share bits of information about your particular therapy, (examples: massage lowers blood pressure; acupuncture shortens labor; exercise eases depression). Please include any references.

## Formatting for Offset Press-Ready Ads

If you are providing a print-ready digital file, your ad must be submitted using the following specifications:

1) **Press-ready Adobe Acrobat® PDF file; PDF/X1a** is the preferred file preset. Compatibility should be set for Acrobat 4 (1.3). Please "flatten" all files with fonts embedded before saving. Export from InDesign or Quark Express as 'Press Quality'.

2) **Press-ready JPG & EPS files** are accepted. Save Adobe Illustrator files as EPS with embedded photos & art. All fonts converted to outline. Save Adobe Photoshop files as flattened JPG, 300 dpi, in CMYK. 100% black text should be the top layer before flattening so it will overprint any background.

### 3) Layout:

- Build ads to exact size dimensions, only full page bleed ads require 1/4th inch beyond the trim area on all four sides
- Do not add printer's crop marks to any file
- Use high resolution images, 300 dpi for photos and 1200 dpi for non-vector line art is recommended
- All files must be CMYK or Grayscale. Do not use spot, RGB or LAB colors.
- Do not embed ICC profiles in images
- Avoid scaling images. If necessary, stay within 50%-150% range
- Flatten all transparent objects at a high resolution. Avoid placing transparent object over text or other critical vector objects
- Total ink coverage shouldn't exceed 280%
- Files should be right-reading, portrait mode, 100% to size with no rotations

### 4) Fonts:

- All fonts must be embedded and/or attached.
- Ensure all black text is 100% black (no rich black).
- Set all black text to OVERPRINT color backgrounds
- Ensure all reverses and colored text are 10 pt or larger, using a thick font.

**No computer-printed material or website images will be accepted.**

**Microsoft Word, Publisher or Canva files will not be accepted for print-ready ads.**

**Emailed files must be under 15 MB.**
